Travel pricing

Avesco's fixed travel pricing model is based on radial pricing.

The pricing in accordance with the table below will enter into force on January 1, 2026. The prices in the table include the kilometre charge and the mechanic's travel time.

Round trip (km)	0-24	25-49	50-74	75-99	100-124	125-149	150-174	175-199	200-224	225-249	250-274	275-299
Visit fee € (alv 0 %)	80	130	190	250	310	370	410	470	530	590	630	670

During weekends and/or public holidays, the visit fee will be multiplied by 1.5.

Daily allowances will be charged based on the total duration of work and travel, either as a full or half-day allowance.

The pricing of travel work follows Avesco Oy's general workshop terms.

For round trips exceeding 300 km, an additional charge of €1.55/km will be applied to the portion exceeding 300 km, and this will be added to the visit fee.
